

## Joyce I. Nies Scholarships

The Department of Human and Community Development is pleased to call for applications for the Joyce I. Nies Scholarships in Human Development and Family Studies. These scholarships include an award of \$2,000 each to two rising juniors or rising senior students in human development and family studies.

These scholarships result from a generous gift to the University by Dr. Joyce I. Nies, a native of St. Clair County who received her B.S. in vocational home economics, her M.S. in child development, and her Ph.D in education from the University of Illinois. Dr. Nies has worked at North Texas State University and Texas A & M University, and resides in Bryan, Texas. The scholarship recognizes her commitment to higher education in child development at her alma mater.

### Selection Criteria:

Scholarship, as evidenced by overall GPA and performance in HDFS courses  
Leadership and service in the department, college, university, and community

### Minimum Requirements:

HDFS major (either concentration)
